

ONBOARD YOUR CUSTOMERS WITHOUT 'PAPERWORK'

Paper based KYC processes take several days to complete, e-KYC reduces the time taken to minutes!

Switch to e-KYC, an electronic KYC process which is instant, paperless and compliant with regulatory norms. e-KYC enables residents having an Aadhaar number to share their demographic information and photograph with organizations in an online, secure, auditable manner with the residents' consent. The consent may be provided via biometric authentication.

Benefits of e-KYC:

- Promotes paperless environment
- Eliminates risk of forged documents
- Completely consent based
- Compliant with regulatory norms
- Real-time, instant verification
- Higher efficiency & reduced costs

Precision's PB510 Biometric Scanner for e-KYC implementation

The PB510 is a high quality Fingerprint Scanner, designed for Aadhaar based authentication applications including e-KYC, BHIM Aadhaar Pay, e-Sign, e-PDS, ABAS, and other enterprise Biometric Applications like 2FA, eSSO, SAP user authentication. The scanner is certified by STQC and supports Android, Windows & Linux Operating Systems.

The PB510 Fingerprint Scanner utilizes advanced thin film optical imaging technology for generating superior quality fingerprint images.

The user needs to simply place his/her finger on the blue illuminated platen and the onboard electronics quickly constructs the high quality fingerprint image.

The fingerprint recognition engine has an unmatched ability to enhance the fingerprint image and render superior performance even in the most constrained dermatological and environmental conditions.

PRECISION GROUP

Incorporated in 1996, Precision specializes in Biometric, Internet of Things, Cloud, IT System Integration solutions and IT Infrastructure Management Services. Precision adopts a consulting approach to address the needs of clients and has a very strong R&D and IP creation focus. Headquartered at Chennai, with a PAN India presence and a 2100+ strong team of experienced and skilled certified pre-sales, sales & technical personnel, Precision strives to deliver value to its clients, leading to the creation of a large and loyal base of delighted customers. Precision's Biometric solutions address the need for fool-proof identification, prevention of impersonation and elimination of issues related to password compromise. Precision has successfully implemented its products & solutions across the Government, BFSI & Enterprise Segments.
